

EAST SUSSEX NATIONAL GOLF CLUB

SCHEDULED COURSE MAINTENANCE FOR 2024

2024

April – May there are no planned course closures for maintenance.

Putting Aeration work

Monday 5th August until Friday 9th – East Course

Monday 2nd September until Friday 6th – West Course

NATURE OF THE WORK –

- Hollow-coring will take place to remove thatch layers in greens.
- The greens are top-dressed with sand to improve roll of ball.
- Courses will be closed for work
- We aim for a 2 week recovery
- There will be disruption to the putting surfaces

I have attached a link to a video explaining the work, which shows surface finish and the importance of this maintenance work to the health and performance of the greens.
